

POINT NEPEAN RUN.

By Derk Tuik.

Second run for the month of March to Point Nepean at the end of our Peninsula or if you will the back yard of a couple of our members, two meeting points, the clubrooms and the other Rod's place, I was off early to get to Rod's and as I entered Moorooduc Rd I spy to my right Chris Shepherd with Russell King in hot pursuit but I needing fuel allows Chris, Julie & Russ to get there before me, but only by a couple of minutes.

We soon settle down in the shed with cups of tea and coffee which were kindly brewed by Chris and as always we solve the world's problems, or at least tried to, then we checked out Rod's FE which ticks over quite nicely for something it's age and having had no real work done on it as yet it's about now that Robert Peime along with Mike Humphreys

Time to leave and we head off with Rod towing the BBQ trailer behind his Ute leading the way and followed by five more earlies to meet up with the others who are waiting for us on the side of the freeway and sure enough there they are, Jeff White who takes over the roll of lead car with Ian & Jane and Big Trev behind, Jeff sets a nice pace 50-55 miles an hour got us past the camera car which stood out like the proverbial and then later a candy car which we hadn't noticed but Jeff did, we enter Point Nepean park and there are enough spots for us to park altogether and we push the trailer up onto the grassed area where we set up camp for the day.

At this stage some of us take a short walk to see what's on offer, answer Plenty, mostly in the form of walks which later in the day one or two decide to take but for the most part we just sat around and enjoyed the day chatting, not only amongst ourselves but also with members of the public who showed great interest in our cars even the park ranger came along for a look and completely ignored the fact we had the BBQ trailer up on the grass.

All in all a very relaxing day out for those that attended, had started off a bit on the chilly side but once the sun come out to play all was good and the ladies were happy.

Members with Earlies.
Rod & Sharon Grummitt
Derk Tuik
Big Trev
Mike Humphreys
Robert Peime
Chris & Julie Shepherd
Russell King
Jeff White
Ian & Jane MacLean

Members without.

Look at that, no members without, how often does that happen?
