

June Club Run Report – 10 Pin Bowling

By Richard

On a brisk winter's morning we met for some 10 Pin Bowling at Forest Hill. Yep it was about 2 degrees when we met, so those with heaters fitted had a more pleasant drive than those with no heater or perhaps indicators. After a chat outside we headed in for a couple of games.

The club has a range of talent when it comes to the bowling from hack to reasonably good. At the hack end one member will be offered a bucket of sand next visit to fill the divots in the lane about a third of the way down where the ball consistently landed. On another lane the adults share the bumper guards with the kids playing after electrical issues meant the bumper guards were permanently on, congratulations go to Jane on beating the scores of the remainder of her competitors with the aid of those bumper guards, these were not needed or used of course. Early in the second game the lights were turned off and night time bowling commenced this resulted in a short delay while Luke Sells, as tactful as always, checked to see if some of the older members could see that far in the dark, yep the green light was given. Towards the end of the second game boredom set in for me, so I thought I'd try two balls at a time, I need to do a bit more work on that as if they hit half way you end up with two gutter balls. Chris's kids asked if they could do the same, however Jane advised them wisely not to do anything their uncle does, pretty good advice I think.

We headed back to the clubrooms for a BBQ lunch and we started off with day old sausages, yep there were some sausages from the Bunnings BBQ, they didn't taste bad either. We followed up with fresh sausages and hamburgers. It was a relaxing afternoon sitting in the sun having a chat and sharing the delicious slices brought along by Diane Eaton.

Please come along to Presentation night to see who the winners were, one member scored more in each game what others took two games to achieve. He was a gun.
